

Our Vision

“A great experience for our customers and our people”

Our Mission

Provide single source supply solutions which make it easier and more cost effective for our customers to do business.

Our Credo

Dignity and respect are important concepts for Corporate Express. To maintain these, we believe the relationship we as employees have with each other and the company should be based on the following principles:

We will...

- Treat each other with dignity and respect
- Focus on the work process, issue or behaviour, not the person
- Express views without fear
- Base our decisions on merit, not personality, position or politics
- Be informed of the Company's activities
- Create an environment where everyone is encouraged to reach their potential and be provided with the tools to do so
- Put heart and soul into everything we do
